- Update catalog year, or
- switch program/concentration, or
- declare multiple concentrations, or
- seek readmission to a program/concentration no longer offered on the application.

If you would like to switch to a new program/concentration, please select your new desired program/concentration by marking **ONE** of the boxes below.

If you would like to declare multiple concentrations or if you are seeking readmission to a program/concentration no longer offered, please mark the **OTHER** box under the appropriate college and degree level, and type in your desired program/concentration(s).

All Active Duty, National Guard, or Reserve Soldiers utilizing Army Tuition Assistance, as well as any civilian personnel using the GoArmyEd portal, must first process any changes through [www.goarmyed.com](http://www.goarmyed.com) before submitting this form. For a list of program/concentration codes, please contact your advisor.

Please note that program or concentration changes may result in new catalog rights and/or additional course requirements. Previous transfer credits applied to your degree are subject to review. If you have any questions prior to your program or concentration change, please contact your advisor to discuss any potential impact.
